

Dan and Jackie Tellkamp Grant and Application Form

The Dan and Jackie Tellkamp Grant was created to help youth get started with their first year of a market steer project. Dan and Jackie loaned money for the purchase of their daughter, Julee's first steer enabling her to start her Market Beef career. With this one-year monetary advancement, Julee was able to grow a steer, show it at NCAFA and sell it during the Market livestock sale, and put the money toward her next year's market steer project. With the opportunity this project presented, many relationships were formed that helped her later in life as well.

The goal of this grant is to help a local youth to be able to purchase a steer to feed, train, show, and sell at the Newaygo County Agricultural Fair. This project is a full year's worth of responsibility, from buying it in early fall to selling it in August. During this time there are plenty of opportunities to learn responsibility, self-confidence, and commitment.

Please consider applying for this Grant if you are interested in starting a new learning experience with a Market Beef project or invest more into a feeder calf project. We are excited to encourage youth to learn and participate in the Market Beef industry.

We will be awarding a \$500.00 grant to a first-time beef person between the ages of 8 and 19 each year to put toward purchasing their first market steer.

Grant info can be found on the fair's website at
